

QuoteWerks

QuoteWerks provides a powerful but easy to use environment for producing quotations to customers. If you regularly produce quotations based on price lists, QuoteWerks can dramatically improve your efficiency.

Benefits include:

- Integrates with your existing CRM system
- Create detailed quotes with speed and efficiency
- Save time and money when quoting, selling and ordering products

Integration - QuoteWerks integrates seamlessly with contact managers like ACT!, GoldMine, Maximizer, MSCRM, Outlook, Salesforce.com eliminating the need to re-type customer information. QuoteWerks also has its own built-in database.

■ Share Quotes Between Offices

Do you have sales people on the road, or do you work from home at times? QuoteWerks can synchronise quotes between different locations.

■ Create Quotes, Invoices, and Purchase Orders

Start to finish QuoteWerks handles it all.

■ E-Mail Your Quotes

Integrated e-mail client allows you to e-mail quotes directly from within QuoteWerks. There is no need to save it to a file, and then attach it in your e-mail software.

■ Configure Your Products

QuoteWerks will present you with a list of products to choose from step by step. The list of products displayed at each step is based on your previous selection.

■ Bundle Your Products

Add groups of products to your quote with a single click.

■ Create Sales Reports

Free built in visual reporting tool allows creation of outstanding quotes reports, commission reports, sales closure reports and more.

■ Define Pricing Strategies

You can price your products and services in many ways (customer price levels, markup from cost, discount, fixed, price matrix and more).

■ Link to Product Databases

Import from spreadsheets/text files or manually enter products into product and services databases.
